Not for Women Only

To millions it is bringing whiter teeth

Th's new way of teeth-cleaning appeals to women. It brings them prettier teeth. But men also enjoy it, and children must use it to properly clean their teeth.

Millions now use it, largely by dental advice. The glistening teeth you see everywhere now show the results of its use.

Everyone needs it, as this simple test will show. See the results it brings in ten days and decide that for yourself.

You must fight film

Your teeth are coated with a viscous film. You can feel it with your tongue. It clings to teeth, gets between the teeth and stays. The ordinary tooth paste does not effectively combat it. Your tooth brush has left

much of it intact. And that clinging film may do a ceaseless damage. Film absorbs stains, making the teeth look dingy. Film is the basis of tartar. It holds

food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Also of other serious troubles, local and internal. Thus film causes most tooth troubles. And,

despite the tooth brush, all those troubles have been constantly increasing. Some have

Now ways to combat it

Dental science has for years sought ways to combat that film. The ways have now been found. Able authorities have amply proved their efficiency. Leading dentists everywhere now advise their daily use.

The methods are embodied in a scientific tooth paste. The name is Pepsodent. Its use is fast spreading the world over.

To let all know it quickly, a 10-Day Tube is being presented to anyone who asks. Thus thousands of new people daily are learning its delights.

Combines five effects

But Pepsodent does more than fight film. It fights the acid which is a great tooth de-

Each use of Pepsodent multiplies the salivary flow. That is Nature's great toothprotecting agent. It multiplies the starch digestant in the saliva. That is to digest the starch deposits which may otherwise re

Out-of-town residents should mail this coupon to The Pepsodent Company, 1104 So. Wabash Avenue, Chicago, and the tube will be sent by mail. Star, Washington, D. C.

Free All This Week

This 10-Day Tube of Pepsodent. Simply present the coupon. This test will prove a delightful revelation. It will show you the way which millions have found to whiter, cleaner, safer teeth.

This offer is for one week only. It means much to you and yours.

It multiplies the alkalinity of the saliva. That is Nature's neutralizer of the acids

It leaves the teeth so highly polished that film cannot easily cling. Pepsin is also in-

See and feel it act

/ The results are not uncertain. You can see and feel them. Some are almost instant. A ten-day test is most convincing.

Present the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Watch the other good effects.

To millions this test has proved a revelation. It has shown them the way to prettier teeth, to cleaner, safer teeth. One does not return to the old ways when he sees what this new way does.

The delightful results

One conspicuous effect is to beautify the teeth. Another is a feeling of cleanliness. Men who smoke will see great changes. It is film that absorbs tobacco stains.

But it is most essential to the children. Young teeth are most subject to film and starch attacks. Dentists advise that children use Pepsodent daily from the time the first tooth appears. Under old methods, very few children escape some tooth destruction

To all this test is important. Cut out the coupon so you won't forget to make it. Present it this week.
